

9024 - Graphic Design Intern (paid) - 6 Months

We are looking for an enthusiastic and social trend savvy intern to join our creative team - starting ASAP.

What you will learn (The most important thing)

Working with influencers/sports stars, learn the ins and outs of social media design, creative player content, brainstorming, concepting and much more.

This is not your average internship!

This is a hands on roll where you'll be creating artwork daily, viewed by huge global audiences.

Ideal Skills that you should have an awareness of;

Good understanding/knowledge of several Creative Cloud applications; Photoshop, Illustrator and After Effects. Keynote knowledge would be advantageous.

Key Attributes that you need:

- Be on top of latest design innovations and new social media trends.
- You'll actively be encouraged to share your thoughts/ideas on new techniques, so confidence is key.
- Always happy to try new ideas and move away from your comfort zone.
- A 'how do we apply those trends to football player content' thought process.
- Have a general passion for football and sport (but not too seriously).
- This role will require weekend work so flexibility and availability is crucial.

If this is you, please contact william@9024media.com with a 1 paragraph intro, 1 page CV, portfolio showcasing a minimum of your top 6 executions and your Instagram handle.
